Source: Statistics Canada, *International Travel Survey* (2013 data purchase).

- (1) Total U.S. (NET) reflects non-duplicated parties. These totals are not revised when Statistics Canada revises total visitor estimates
- (2) Total U.S. (SUM) and regional totals sum the visits across U.S. regions and states. Thus, the sum totals include possible double-counting of travelers who visit more than one state. State details may not sum to totals due to rounding.
- (3) Based on industry recommendation, NTO policy is to suppress state data for which sample size is fewer than 400.

Note: Totals for Canada may differ across tables due to differences in response rates for questions.
