113	<b>Notes:</b>										
114	(1) 2016 arrivals and percent change reflect a combination of additional records counted and market conditions.										
115	(2) <i>Total Travel &amp; Tourism Exports</i> = travel receipts (purchase of travel and tourism-related goods and services, to include food, lodging, recreation, gifts, entertainment, local transportation in the country of travel, and other items incident to a foreign visit) + passenger fare receipts (fares paid to U.S. air carriers and vessel operators for travel between the United States and foreign countries and between two foreign points).										
116	International standards now use a broader definition of travel than previously used, which includes education-related and health-related travel, as well as expenditures on goods and services by border, seasonal, and other short-term workers in the United States.
